

The Decline of America: 100 Years of Leadership Failures

by David D. Schein

From Woodrow Wilson to Barack Obama, Americans have little to admire in the legacies of our presidents—150,000 military lives lost, a \$100 trillion debt, trillions of dollars spent on conflicts, active threats from Iran and North Korea—and what do we have to show for it?

The Decline of America offers a carefully documented analysis of the last seventeen U.S. presidents. These men, eight Democrats and nine Republicans, have shaped the last 100 years, not only for America, but for the world. Each president is profiled with unsparing scrutiny so we can see where it's all gone wrong.

David Schein follows these critiques by proposing ways to improve America's outlook for the next 100 years—before it's too late.
